EDUCATION

University of Colorado Denver - Denver, CO
Bachelor of Arts in Computer Science, GPA 3.707

Fall 2024 – May 2026

Relevant Coursework: Data Structures & Program Design, Discrete Mathematics, Technology & Culture

University of Colorado Boulder - Boulder, CO

Fall 2022 – Fall 2023

Bachelor of Science in Creative Technology & Design, GPA 3.707

Relevant Coursework: Starting Computing, Object-Oriented Programming, Web Development, Meaning of Information Technology, Design Foundations, Image Design, Text & Typography, Computer-Aided Design & Fabrication

TECHNICAL SKILLS

- Proficient in C++, HTML, and CSS; Familiar with Git, GitHub, JavaScript, PhotoShop, and Illustrator; Exposed to Python

PROJECTS

- **Boba Quest** – Designed and implemented a complex text-based adventure game where players navigate through a map, drink boba, and encounter hydration challenges to escape. Developed game mechanics for purchasing drinks, storing statistical data, and recording final statistics on a leaderboard file. Applied C++ object-oriented programming principles to pioneer the core framework of the game
- **Web Scraper** – Developed a C++-based web scraper to efficiently extract and organize data from web sources for analysis. Leveraged data-driven solutions enhance decision-making processes and improve data accessibility for further research and insights.

EXPERIENCE

KPOT - Thornton, CO
Server

May 2024 – Present

- Deliver exceptional customer service by creating a welcoming atmosphere and providing expert guidance to enhance guest satisfaction.
- Efficiently manage multiple tables while collaborating with team members to address customer needs promptly.
